7 Facts Fauci Knew But Hid From the Public

Rep. Jim Jordan (R-Ohio) this week listed seven key facts about the COVID-19 pandemic and the government's response to it that, according to Jordan, Dr. Anthony Fauci knew but didn't tell the public.

***Editor's note:** House Republicans on Monday commissioned a special investigative panel focused on the coronavirus pandemic during which they hope to press scientists and federal officials, including Dr. Anthony Fauci, about the origin of the public health crisis and the government's response to it.*

The following is a paraphrase of the opening round — the warning shot — by U.S. Rep. Jim Jordan (R-Ohio) Tuesday in which he used his time to outline seven facts that Dr. Anthony Fauci knew, and, more importantly, what Fauci did, and did not do, when he was made aware of these facts.

This does not bode well for Fauci and those involved in the cover-up.

1. Fauci understood that American tax dollars went to EcoHealth Alliance and that money was then funneled to the Wuhan Institute of Virology (WIV) lab in China.
2. Fauci knew EcoHealth Alliance was given an exemption from the pause on gain-of-function research.
3. Fauci knew that the security standards at the WIV lab in China were deficient.
4. Fauci knew that EcoHealth Alliance was not in compliance with its grant reporting requirements and wasn't adhering to the contract.
5. Fauci knew that gain-of-function research was in fact being conducted in the WIV lab in China.
6. Fauci knew that the standard P3CO interagency review process wasn't followed in approving the grant to EcoHealth Alliance.
7. Fauci knew that the virus likely came from the lab where U.S. taxpayer dollars were sent … the very city where that lab is at, a deadly virus breaks out that would ultimately kill six million people around the world.

BUY NOW: Ed Dowd's Must-Read Book — "Cause Unknown"

Importantly, what did Fauci do when he had this information?

On Feb. 1, 2020, what did Fauci do with this information?

Did he tell the president of the U.S., commander in chief, and say hey we've got a deadly virus that's broken out in China in Wuhan where we've been sending American tax dollars to a lab that's not up to code that's doing gain-of-function?

Did he tell the chief of staff?

Did he tell his boss, former Department of Health and Human Services Secretary Alex Azar?

Did he tell Dr. Robert Redfield? Dr. Deborah Birx? Dr. Brett Giroir?

No, he organized a conference call Feb. 1, 2020, at 2 p.m., with him, Francis Collins and 11 virologists from around the world to who he had been handing out American tax dollars for years and years …

Before that call, virologists including Kristian Andersen said things like "virus looks engineered, virus not consistent with evolutionary theory." On the day of the call, Andersen said, "I don't know how this gets done in nature but it would be easy to do in a lab."

On this conference call, they get their story straight and three days later the very people who said this thing came from a lab change their tune and say that anyone who thinks that is crazy …

In an email from EcoHealth Alliance, Fauci received gratitude: "This is terrific, we are happy to hear that our gain-of-function research funding pause has been lifted" …

Over the last several years, Fauci told us:

- it wasn't our tax dollars.
- it wasn't gain-of-function.
- it wasn't a lab leak.
- the vaccinated can't get COVID-19.
- the vaccinated can't transmit the virus.
- there is no such thing as natural immunity when it came to this virus.

We can't trust some of the folks who were supposed to give us accurate information because they didn't … they knew from the start.

If you've got a government not giving it to you straight, that's something that you have to make sure we understand so it doesn't happen again.

Not only we don't want a terrible virus to happen again, we don't want the government misleading us about a virus that could happen.

Starting next month we'll look into it. We'll make sure the country gets the facts like they should have had on Feb. 1, three years ago.

This isn't even the tip of the tip of the iceberg. Rep. Jordan and his panel need to study RFK Jr's The Real Dr. Fauci. They should also have a look at Pfizer's history of paying fines for criminal behaviors and similar records of the entire pharmaceuticals industry, including the majority "contribution" it makes to major media across the board for "advertising" (that is, hush money) and to political parties and candidates as "lobbying" (that is, bribes).

They likely all sold all the vax stock held just as mRNA company CFO's already did . Now they can investigate they have made their gains. Congress and those in the know... made massive profit, then dumped the stock long ago as it began to tank. MRNA high in 8/21 was shy of $500 share. Today $192.00

Dear James, I appreciate your efforts.

Unfortunately capitalism isn't a system that supports honesty. According to Business Insider and Harvard Business Review, psychopaths will lie, manipulate, and do absolutely anything needed to fight their way to the top where they thrive in money based, capitalism, communism, socialism, etc. Regardless of the system of government, money = power thus power mongers rise to the top of all monetary systems.

In spite of that, there are many sincere honest loving people. Being one of them, and having lived for over 63 years, I have found that very few sincere honest loving people ever reach positions of power. Hopefully, in the aftermath of the current global transformation, once the greedy deranged leaders have finished each other off, the meek will inherit the Earth to experience abundant peace and prosperity.

In the meantime, thank you for helping to make the world a better place.

Many Blessings and Aloha!

While we are on the topic of Fauci and the fact that he has tried to use retirement to be able not to be held accountable for his actions not just with these injections but during his entire career, I think it is important to point out that our president along with HHS and its agencies have not lifted the emergency declaration that is prolonging the use of EUAs to push these injections, and we must fully understand and do something about the fact that Bill Gates along with all his access to military, government, media and various NGOS, to corporations like Walmart, and farming that because he just goes around vaccinating the world and everything, no one is stopping this man and his plans to edit all these things.

His new push to vaccinate food and animals potentially with these injections should alarm every person around the world. He is quite interested just going by his interest in gene editing and gene modification, the likes of which would honestly have made Hitler and his scientists blush, and he should be stopped. There is no proof of anything that he says is the premise for what he is doing unregulated and unrestrained by anyone he just pushes on moving from this thing to that one so much so that no one can keep up, it is literally like he is Satan himself, we cannot keep up with everything that he is doing. Each time, there is push back and some progress is made by those fighting this fight he comes out with something new to scare the life out of the world, and his money and access to media means that all these things will have a gentle stroke of the brush to paint them as nurturing, necessary and beneficial to the world. https://sageofquayblog.blog...

I would like to say it is not too much of a stretch to think that our food supply and water supply might be vulnerable from people like Gates. Evidently, in certain medical schools they may use bananas to show students how to vaccinate people and animals. In the hands of someone like Gates a banana evidently makes him think of all the ways he can pump vaccines into everything in the entire world.

Gates truly is a very evil and dangerous person but our food supply is already toxic as is the water supply in some places. Only four companies own all of the seeds in the world and the soil holds very little nutrients as big corporation rule and they use lots of chemicals and pesticides. Add to that the continual increase in the number of genetically modified and bioengineered foods, and Gates funding more big corporate farming practices in countries like Africa and now owns more farmland in the U.S. than anyone else, and of course has money invested in fake meat and bugs which is supposed to be the diet for his new world order, and tech companies based on bio-engineering and artificial intelligence.

And ... I want to know at what point did Fauci and all the rest of the Psychopaths know the USA was totally unprepared for a Bioweapon attack in the department of PPE? We were told that Event 201 was simply one of many dress rehearsals, simulating the "event" and what xyz protocols would occur to "protect" the American People from harm ... Seriously, if PPE/Masks were so vital in our National Security, then why is it that not one of these Smart People in these "simulation" exercises realized we were so grossly ill prepared in this vital defense? National Security was somehow not the first priority? Trump even sent some PPE stockpile to China in the beginning, as if China needed it ... somehow Trump cared more about China's safety than our own? Seriously?

Fauci lied to the American People and the People of the World around the importance of Mask Wearing ... telling all of us it was perfectly okay to makeshift a muzzle out of "whatever" we had on hand ... all while our Frontline Workers rationed and stretched to the limit the limited PPE they had - nurses and doctors where "crafting" their own PPE out of whatever they had! - all while the MSM made us all feel sorry for them and how "exposed and unprotected" the medical staff were ...

Then Fauci came out and admitted he lied to us, but that he had a "very good" reason as

He is protected by globalists. We cannot touch him. He will end up with a cushy well paying job, his families future secured. Secured as part of the elite who eat beef, fish and organic food, while the rest of us eat crickets and frankenfood.

This is all theater, the courts, the petitions, the voting. Because nothing we do changes anything. And that is because we no longer have any power. Moneypower rules. They now sign our sovereignty away to the W.H.O., for our right to choose, , while we fight pointless battles in irrelevant courts and irrelevant national political venues which are long ago captured by globalism.

And if asked to speculate, I would say that we are truly screwed, because they convinced over 4 billion people to take the shot. The shot that messes up our immune system. 4th dose folks are dying in droves now, so what happens when something different, or more dangerous comes around. What happens to the kids who are already dying from the toxshot.

Something like the " Catastrophic Contagion " perhaps? Conducted on October 23, 2022.

The official webpage no longer has a description of the exercise. Gee I wonder why ? I did

Anthony Fauci's stated in his 11/23/2022 deposition, on line 32,

Q. Do you know Ralph Baric?
A. Not really. I know who he is. I doubt if
I've ever met him. I may have met him at one of the
meetings where there are thousands of scientists
saying hi to each other, but I know who he is. He is
a scientist at University of North Carolina.

Line 10 of the deposition says Fauci had been director of the NIAID for 38 years.
Below are a few interactions between Fauci's NIAID and Ralph Baric during that time period.

In 2006, Anjeanette Roberts, Leatrice Vogel, Brian Herman of Fauci's NIAID in Bethesda Maryland worked with Ralph Baric to create the deadly MA15 coronavirus.

"We adapted the SARS-CoV (Urbani strain) by serial passage in the respiratory tract of young BALB/c mice. Fifteen passages resulted in a virus (MA15) that is lethal for mice following intranasal inoculation. Lethality is preceded by rapid and high titer viral

Good article, but can we stop pretending that 6 million people were killed "by covid"? There is no proof that was the cause of death in all those cases, and while I could see it being the cause with elderly and immune compromised people, I would be surprised if the actual number even approached 1 million.

We certainly do not given that Bill Gates has preemptively gobbled up farm land and is now coming out saying that one way to reduce vaccine hesitancy is to put those vaccines into our foods. So, when everyone was wondering to themselves why he was buying farmland that he kind of already was doing because of his Walmart stock and the stock that he has with other companies, he just naturally started investing in other areas that would benefit those other business relationships. We should be frightened that he has military contracts and has worked with DARPA that he had access to WHO and Fauci and intelligence agencies and was working with China and others on gene editing. He is very chummy with Pirbright Institute another one of these Rockefeller type of agencies that works with Livestock that is kind of their origins, but we should be fearful because Gates works closely with these entities giving him access to scientific data and patents that he then appears to just be given authority to experiment upon people with that technology somehow. Why is he allowed to do this?

Murder for financial gain!

Big Pharma Covid injections (called "vaccines"???) = NO LIABILITY = LICENCE TO KILL with impunity!

Why do the CDC refer to DEADLY VAX 'DANGER SIGNALS' as "Safety Signals"?

This Poison is made with NO GUARANTEE of SAFETY or EFFICACY by unethical and massively profitable organisations that accept NO RESPONSIBILITY for any/all ADVERSE REACTIONS or/and DEATHS that follow their supposed 'cures'.

The crap is so unreliable, that suddenly NEW AILMENTS are being created under the disguise of "SUDDEN EARLY DEATH SYNDROME" (SADS)!

High functioning athletes are dropping like flies!

Why would anybody play RUSSIAN ROULETTE with their otherwise healthy bodies!

Apparently there are now 770 different adverse reactions recorded that relate to Covid injections (ridiculously referred to as "VACCINES").

LIABILITY MUST BE REINTRODUCED for these Bio-weapons to gain any credibility!

Mick from Hooe (UK) Unjabbed to live longer!
